## "BILL" TAYLOR LEADS

The Wheeling Players at the Bat, and "Old Boss" Twineham is at the Front in Fielding—Averages of the Stogies Compiled by Intelligence.

The Intelligence has compiled the batting and fielding averages of the Wheeling players to and including last week's games. The compilation springs some surprises. Players that were supposed to be hitting around the .300 mark do not approach that figure, and other players have mediocre fielding averages, men who were thought to be fielding the game out of sight. Also, there are surprises of the other sort—agreeable ones, as, for instance, the out-of-sight batting "Bill" Taylor is doing for the Stogie aggregation. In thirty-five games he was batting .343 and leads the club, with the exception of "Billy" George, who has figured in only one game. Taylor and George are the only players who have batted .300. Dobbs is nearly in that class and Niles is close up. Twineham, Pastorius and Lytle are batting around the .250 mark. Twineham's fielding average of .993 in twenty-seven games behind the bat demonstrates that he is easily the premier catcher of the Inter-state league. Of the outfielders, Dobbs and Lytle have fielded a very fast game. Of the infielders, Niles and Taylor both show up with excellent averages. Babb's average for fielding will come as a disappointment to his friends; it was not generally supposed that he was fielding below .900. In his batting, too, his performance was a disappointing one, the percentage being .219. Of course the new men, Bammert and Myers, have not yet shown what they are capable of at the bat.

In team work, Wheeling hasn't batted as strong as the opposing teams. Wheeling batted .255, while opponents went at a .263 gait. In fielding, on the other hand, the Stogies carried off the honors, .939 to .927.

Until the averages were compiled, it was not realized that the local club had had twenty-nine players since the opening of the season. Of these, seventeen have dropped by the wayside, and the twelve now under contract are easily their superiors in both departments of the game.

When Latimer was released his friends objected vigorously and said it was a mistake to release a man who was batting over .300. It will be noticed "Lat" really hit only at a .270 clip, and his fielding was decidedly on the "bum," being .316. No mistake was made in letting this player go to Youngstown. Hunt's record is far and away better than Latimer's, and he would not have been released had it not been that President Power sent out the edict that the salary limit must be observed. Hunt is a good man and ought to secure a good berth elsewhere without difficulty. The same observation applies to "Denny" Lyons; his work at the initial bag and with the stick was satisfactory, but the management released him for Myers because the latter is a first class catcher who can be used to help out Twineham.

## Special Dispatch to the Intelligence.

NEW CASTLE, Pa., June 19.—New Castle celebrated their return home today by defeating Wheeling in a one-sided contest. The locals kept up their good work all through the game, and played like pennant winners. Wheeling's only run was scored in the fifth, by a two-base hit by Niles and an error. Nadeau injured his shoulder while away from home, and was unable to be in the game. Weidensaul, a new man, took his place in the field, and played a good game. The feature

without being subject also to its pains and penalties.

But no woman ought to suffer as most do from these ailments and weaknesses which are due to her peculiarly delicate and susceptible organism. Every woman ought to know that Dr. Pierce's Favorite Prescription will cure these unnatural and debilitating troubles. It cures them absolutely, completely, permanently. It contains no alcohol to create a craving for stimulants.

"It is with heart-felt gratitude that I most tell you what your medicine has done for me," writes Mrs. A. J. Crawford, of Pennsylvania, Sumter Co., Pa., in a letter to Dr. R. V. Pierce of Buffalo, N. Y. "After consulting you about my case I took your medicine and it cured me of female weakness. I was all run down; I suffered with sick headache, pains in the back and bearing down pains. I took two bottles of Dr. Pierce's Favorite Prescription and was able to take care of my house. My health is better than it has been for three years. I do not know how to thank you for the kind advice you gave me so cheerfully."

This grand "Prescription" has accomplished the same beneficent purpose for thousands of women in every corner of this broad land. It imparts health, strength and endurance to the special organism of womanhood and gives tonic vitality to the entire nervous system. Its marvelous properties are more fully described in one chapter of the People's Common Sense Medical Adviser by R. V. Pierce, M. D., a splendid thousand-page illustrated volume which will be sent free paper-bound for 21 one-cent stamps to pay the cost of mailing only; or cloth-bound for 31 stamps.

Of the game was the hard hitting of the locals. Score:
